Structural Engineering International (SEI)

SEI offers its readers a unique blend of short profiles on recent structures, and longer, in-depth technical articles on research, development, design, construction and maintenance. Articles are written by practicing engineers and academia from around the world and reflect the high standards of IABSE.

SEI Recent Topics

2006: Structures in Hungary, **Robustness** of Structures, **Recent Structures** Worldwide, **Aluminium** in structural eng.

2007: Structures in **Germany**, **Forensics** in structural eng., **Operation, Maintenance, Repair, Recent Structures**

2008: Structures in **North America**, Tall **Timber** Buildings, **Recent Structures**

Online Back Issues (Topics):

Wind Effects, ICT, Structural Glass, Advanced Materials, Risk based Inspection Planning, Extreme Natural and Man-made Hazards, Structures in Asia, America, Europe, Tall Buildings, Timber Structures, Aesthetics, Bridges, and other articles. **TOTAL: 1400 articles online!**

What can I gain from the journal - SEI?

- 1400 articles from 66 SEI issues. (New Since 2007: Back issues free with current year's subscription)
- Peer reviewed journal with articles on state-of-the-art technology
- Reports and Science and Technology papers with research data
- Recent Structures, detailed illustrations, with precise information on how the structure was built
- News about the leading International association IABSE in the 'Panorama' Section of the journal
- An opportunity to stay ahead in the field of Structural Engineering

How can my Institution subscribe to SEI?

- Send us an enquiry at secretariat@iabse.org and quote "Institutional Subscription 07-08".
- Download the [Subscription order form](#) or, fill in the "[Recommend SEI to your Librarian](#)" PDF form. You may wish to follow up with your Librarian directly to speed up the process.
